PROFESSIONAL SUMMARY

Dedicated Web Developer with 4+ years of professional experience in designing, developing, and maintaining scalable, user-friendly web applications. Strong hands-on expertise in C#, ASP.NET, .NET, JavaScript, HTML, CSS, Bootstrap, SQL Server, and REST APIs. Successfully contributed to and delivered 99+ real-world projects across e-commerce, healthcare, finance, and other business domains. Experienced in end-to-end application development, third-party API integration, database development, troubleshooting, and performance optimization. Strong understanding of the complete software development life cycle with a practical, problem-solving approach. Open to .NET, Full Stack, and React/Front-End Developer opportunities.

TECHNICAL SKILLS

Front-End	HTML5, CSS3, Bootstrap, JavaScript, jQuery, React
Back-End	C#, ASP.NET, ASP.NET Core, .NET Web API
Database	SQL Server, SSMS, T-SQL, Stored Procedures
API & Integration	REST APIs, JSON, Third-Party API Integration, Postman
Authentication & Security	JWT Authentication, Role-Based Authorization
Architecture	MVC Architecture, Repository Pattern, Dependency Injection, CRUD Operations
Server & Deployment	IIS, Windows Server, Web Application Deployment, API Deployment, Domain & SSL Configuration
Hosting & Management	Plesk, FileZilla, Server Configuration, Application Publishing & Troubleshooting
Version Control & Tools	Git, GitHub, Visual Studio, Postman
Other	Debugging, API Testing, Database Optimization, Responsive Web Development

PROFESSIONAL EXPERIENCE

Software Developer | Softech Bee Pvt. Ltd.

Nov 2021 – Present | Bareilly, Uttar Pradesh

- Developed and maintained web applications using C#, ASP.NET, .NET, JavaScript, Bootstrap, and SQL Server across multiple business domains.
- Successfully contributed to and delivered 99+ real-world projects, including applications for e-commerce, finance, healthcare, and other business requirements.
- Developed REST APIs, admin panels, authentication modules, CRUD operations, dashboards, and database-driven applications.
- Designed and implemented SQL Server databases, stored procedures, queries, and business logic based on project requirements.
- Integrated third-party APIs and handled API testing, debugging, response handling, and error management using Postman.
- Worked on server deployment and application publishing, including IIS, Plesk, FileZilla, domain/SSL configuration, and troubleshooting deployment-related issues.
- Worked closely with clients and team members to understand requirements, resolve issues, and deliver customized solutions.
- Performed debugging, testing, performance optimization, and production issue resolution to improve application stability and reliability.
- Participated in code reviews and supported other developers in resolving technical issues and implementing project requirements.

KEY PROJECTS

E-Commerce Applications

- Developed product management, product listing, shopping cart, order, and admin panel modules.
- Implemented database-driven functionality using ASP.NET, C#, JavaScript, Bootstrap, and SQL Server.
- Worked on API integration and backend business logic for different e-commerce requirements.

Finance & Payment Applications

- Developed secure login, authentication, wallet, transaction, and admin management modules.
- Built REST APIs and integrated third-party services for payment and verification-related functionalities.
- Implemented SQL Server stored procedures and transaction-based business logic.

Healthcare & KYC Applications

- Developed responsive web interfaces using HTML, CSS, Bootstrap, and JavaScript.
- Implemented backend APIs and database functionality for user and KYC-related processes.
- Worked with third-party verification APIs and handled API responses, validations, and error scenarios.

Admin & Management Systems

- Developed admin dashboards, user management, reports, CRUD modules, and database-driven management systems.
- Implemented pagination, search, filtering, authentication, role-based access, and API-based data operations.

Deployment & Server Management

- Published and maintained web applications and APIs on IIS/Windows Server.
- Worked with Plesk and FileZilla for hosting and deployment-related activities.
- Handled application configuration, domain/SSL setup, deployment issues, and basic production troubleshooting.

EDUCATION

- **B.Tech in Computer Science** – DR. APJ Abdul Kalam Technical University, Lucknow | 8.2 CGPA | 2018 – 2022
- **Intermediate (10+2)** – UP Board | 81.7% | 2018
- **High School** – UP Board | 81.7% | 2016

SOFT SKILLS

- Team Collaboration & Communication
- Problem-Solving & Analytical Thinking
- Time Management & Prioritization
- Leadership & Team Coordination
- Adaptability & Continuous Learning
- Client Communication & Requirement Understanding
- Attention to Detail
- Ownership & Responsibility

Languages

- English
- Hindi
